30 Days Of Node.js - FAQs

Q: Why am I unable to create a forum post?
A: For everyone facing the issue of not being able to create forum posts , please make the post in here helpdesk-30-days-of-node-js

Discord has a limit of 1000 active forum posts per server, there's no way for us to solve for it. Please make sure you are consistently posting on social media everyday on time.

Q: When does the challenge start?
A: The challenge begins on Feb 1st, 2024 at 12 PM

Q: What are the exact steps of participating in the challenge:

A. Exact Steps to get started:

1. Enroll in the free Node.js course "Mastering the Fundamentals" on Scaler Topics (https://www.scaler.com/topics/course/nodejs/).

2. You are supposed to complete all the modules in the month of February. You may proceed at your own desired pace. There is no prerequisite.

3. Create a new forum post under the "30-days-of-node-js" forum channel with the name: your-discord-name-challenger

4. Solve daily problem statements related to the course modules shared on discord everyday at 12PM. The question will be shared on the pinned forum post, titled: Welcome to 30 Days of Node.js in the 30-days-of-node-js channel.

5. Share your daily progress on LinkedIn/Twitter using #ScalerDiscord and #ScalerTopic hashtags and post the link to your social media posts in the forum post you created in Step 3 on a daily basis.

Q: What are the rewards for completing the challenge?
A: Completing the challenge offers several rewards:
   - Cultivating a habit of coding regularly in JavaScript.
   - Earning 2000 Tokens that can be used to redeem exciting goodies.
   - Receiving a certificate for completing the challenge.

Q: How do I stay updated with daily problem statements?

A: Daily problem statements related to the course modules will be shared in the "30-days-of-node-js" Forum channel. Make sure to check this channel everyday at 12PM for updates.

Q: Is there a specific time frame for solving each day's problem statement?
A: Everyday at 12PM a problem statement will be shared, you will have to solve and upload it before 12PM next day.

Q: How can I seek help or ask questions during the challenge?
A: If you have questions or need assistance, you can ask for help in the [#30-days-of-node-js-helpdesk](#) .

Q: When and how can I put my certificate on LinkedIn to receive the rewards?
A: You can put your certificate on LinkedIn at the end of the challenge to qualify for the rewards.

Q: Is the Scaler Topics Node.js course free to enroll in?
A: Yes, the "Mastering the Fundamentals" JavaScript course on Scaler Topics is free to enroll.

Q: Do I need prior experience in coding or Node.js to participate?
A: No prior experience is required. The challenge is designed for both beginners and those looking to improve their Node.js skills.

**Q. Social Media Template for Posting daily:**

Hey There!
I am excited to share that I have successfully completed Day X (replace X with the current day) of the 30 Days of Node.js, hosted on the Scaler Discord platform.
